

## Gabrielle Gamboa

El Paso, TX | (512) 744-8498 | gigi.1818up@gmail.com | [LinkedIn](#) | [Portfolio](#)

### Education

---

#### Park University

Parkville, MO

- Master of Business Administration (MBA)
- Graduate Certificate in Human Resources Management
- Bachelor of Science in Management / Computer Information Systems

### Professional Summary

---

Creative and detail-oriented full-stack developer with over six years of experience building and maintaining dynamic websites and web applications. Skilled in PHP, Laravel, JavaScript, HTML5, and CSS3, with a strong foundation in responsive design, API integration, and version control. Adept at collaborating with clients and cross-functional teams to deliver secure, scalable, and visually engaging digital solutions. Passionate about clean code, continuous learning, and creating products that make a meaningful impact.

### Core Competencies

---

- PHP, Laravel, JavaScript, HTML5, CSS3, SQL, ReactJS, NodeJS, JQuery, Bootstrap
- WordPress, GitHub, VS Code, Dreamweaver
- Agile methodologies, version control, CI/CD fundamentals, code review, and solution design guidance
- Training and development, strong communication, cross-functional teamwork
- Test-driven development: unit, integration, UI, and acceptance testing

### Relevant Experience

---

#### Deployed Services, LLC - Remote

##### Compliance, Policy & Contracts Analyst | Jan 2024 - Apr 2025

- Created automated dashboards and Smartsheet libraries to support compliance audits and internal reviews
- Collaborated with stakeholders to resolve data discrepancies and ensure accurate configuration

#### Texas Tech UHSC - El Paso, TX

##### Lead Analyst - Contract | Sept 2023 - Dec 2023

- Developed web-based reporting tools and dashboards to support financial operations
- Conducted QA testing and debugging of frontend components
- Partnered with IT teams to ensure secure, scalable system integration

#### Raintree Systems - Remote

##### Partner Research Analyst | Nov 2020 - Jul 2021 > Project Engineer | Jul 2021 - Oct 2021

- Customized EMR applications and built client-specific interfaces using PHP, CSS, MySQL, JavaScript, and HTML
- Improved UI performance and accessibility across ambulatory and acute care platforms
- Collaborated with backend teams to optimize workflows and reduce load times
- Delivered documentation and training to support product adoption

#### Emergence Health Network - Remote

##### Application Specialist - Contract | Jun 2020 - Oct 2020

Customized EHR interfaces and enhanced portal usability through full-stack development.

- Developed PHP-based enhancements and styled interfaces with HTML/CSS
- Conducted manual testing and debugging to ensure cross-browser reliability
- Created visual prototypes and collaborated with clinical teams on workflow improvements

## **Additional Experience**

---

### **Superior HealthPlan/Centene Corporation - Austin, TX**

#### **Data Integrity Specialist - Contract | Jan 2018 - Jun 2018**

- Audited data across enterprise systems to ensure accuracy and compliance
- Used SQL and Excel to identify anomalies and support data cleansing initiatives

### **The Resource Group - Austin, TX**

#### **Data Steward / Operations Data Specialist | Jun 2015 - Feb 2017**

- Reviewed contracts and purchase requests to ensure compliance and accurate project setup
- Led vendor data audits and validations to improve purchasing workflows
- Created technical documentation and trained staff on new systems and operational procedures
- Generated compliance reports and tracked KPIs for leadership

### **HealthPartners - Bloomington, MN**

#### **Data Analyst / Project Coordinator | Mar 2014 - May 2015**

- Led data analysis projects to monitor clinical and operational performance metrics
- Developed internal websites to improve access to documentation and reporting tools
- Facilitated cross-functional meetings to align data insights with strategic goals

### **Texas Tech UHSC - El Paso, TX**

#### **Lead Analyst / Web Developer - Contract | Aug 2013 - Feb 2014**

Led front-end and back-end development for university websites and data-driven applications.

- Built dynamic web pages using PHP, Laravel, HTML/CSS, and JavaScript
- Designed responsive UI components and optimized layouts for performance
- Integrated APIs and managed SQL-driven backend logic
- Maintained Git repositories and coordinated deployments
- Collaborated with stakeholders on technical decisions and QA processes

### **El Paso ISD - El Paso, TX**

#### **Web Designer | May 2007 - Aug 2010**

Designed and maintained websites for 150+ campuses, ensuring accessibility, usability, and compliance with district standards.

- Developed PHP-based templates and integrated custom modules
- Styled and structured front-end components using HTML, CSS, and JavaScript
- Conducted WCAG accessibility audits and implemented design fixes
- Collaborated with internal teams and clients to deliver tailored digital experiences
- Used GitHub for version control and deployment coordination
